Created in Barcelona.

Barcelona, 1953. The first SEAT rolls off the production line. Six decades later, SEAT cars are being driven in over 80 countries across the world. But beautiful Barcelona remains the heartbeat of SEAT. A city that is the inspiration of what we do. We are even blessed with 50% of the energy we use to make our cars from the sun that beats down on this special place. Vibrant, exciting, passionate. The Spirit of Barcelona is the Spirit of SEAT. You can't help being moved by it.
